SCHOOL YEAR: September 2017 through June 2018.

OVERVIEW OF PRIMARY CLASSROOM: The primary level classroom under the Montessori Method of learning is designed to incorporate three consecutive years of introduction to various levels of educational materials. The morning schedule is arranged to give all age groups a “prepared environment” for independently working with material that is appropriate and challenging. The afternoon period allows children under 5 years to nap/rest and gives the older children an extended session for introduction to advanced materials. Children who have reached the age of 5 by September 1st, are considered enrolled as “kindergarten” students and must complete a 5 school day schedule.
